

## Complement The Way You Learn With MicroCAD video CADLearning solutions

MicroCAD offers learning bundles, combining personalized training with a library of over 35,000 lessons on more than 50 Autodesk programs. The MicroCAD video bundle package includes the most comprehensive library of Autodesk Learning content in the world with direct one on one live training. Lessons can cover just one function or feature and can be used as just in time consultation.

Personal questions are addressed live by MicroCAD's technical experts. Additionally, you can take assessments that will generate individualized learning paths, target to your knowledge gaps. Video Content is available via the web from within your Autodesk application and live help is available via phone, zoom and GotoMeeting sessions.

### What is included?

- Three hours of live support
- Unlimited access to the Video CADLearning library
- Plug-in that provides contextual lessons suggestions
- Mobile apps for iOS and Android
- Video Playlists feature for quick access
- Exercise files for hands on practice
